OnSite Connex by o2 Interactive, AMX, S&S Electric Win Top Honors at 2008 Innovative Housing Technology Awards

8th Annual Awards Program Highlights Innovative Tech Products and Best Tech Practices in Homebuilding

Framingham, MA – June 30, 2008 – The winners of the 2008 Innovative Housing Technology Awards (IHTAs) were announced at a reception on Wednesday, June 25, 2008 at the InterContinental San Francisco Hotel during PCBC 2008. The IHTAs (www.techhomebuilder.com/ihta), presented by *TecHome Builder* magazine, are the most prestigious housing technology awards for the homebuilding industry. At the 2008 event, more than 30 companies were recognized for their outstanding contributions to technology in the homebuilding industry.

The IHTAs are intended to both stimulate the development of innovative new products, materials and systems for residential construction by product manufacturers, as well as recognize significant advances and best practices by product manufacturers, integrators and builders in home technologies and IT solutions for the housing industry. IHTA finalists and winners improve the livability of our homes and make the process of building and improving homes more efficient and cost-effective.

The Awards are divided into the following categories:

- Supplier Categories: Innovative Information Technology Products
- Supplier Categories: Innovative Home Technology Products & Services
- Integrator/Installer Category: Innovative Service
- Builder Categories: Innovative Tech Home Building

OnSite Connex by o2 Interactive's Sales Kiosk (www.onsiteconnex.com) was named the best information technology product, while AMX's ViewStat Color Communicating Thermostat (www.amx.com) received the top honors for a home technology product. S&S Electric (www.ss-electric.com) was recognized as the top integrator in the nation.

The following is a complete listing of the 2008 winning companies and products. Additional information on the contestants is available online at www.techhomebuilder.com/ihta and will be featured in future issues of *TecHome Builder* magazine.
